“ Aunt Ann loved living on the St Clair River and watching the freighters pass in all seasons. Her skills as a librarian really showed when she played bananagrams. She was wickedly good and had so much fun! She was dedicated to memories of her birth family and their connected youth in Birmingham. She was also dedicated to her Mom. We are so grateful to Janet for her attentive and kind companionship over the past ten years. We will miss our Aunt Ann.

“ 10 years ago I was given the opportunity to work with Anna. I remember that first day like yesterday. I went to her apartment she was not there. I waited a few minutes and in pulls this lady driving an old Chrysler. She got out of the car just complaining. She had been at a meeting that did not go so well. I thought oh boy is this the right choice for me and what am I getting myself in for. Well we made it through that day and many many more. I remember our first adventure. It was labor day week end and my family went camping up near Rochester. We got in the car and headed that way, but got hungry so we stopped at a place and Ann had her very first chicken roll up. She was so excited because it was something new for her. Headed to the camp ground where she met my family and she was so thrilled. That was one of many camp ground experiences we shared. and many times with the so called adopted family she gained. Over night holidays, many daily trips from 11-am-4pm, week-ends and week days. Our adventures continues until Covid stopped those daily trips. But we did plenty of indoor activities as well. Ann was such an important part of my life, I am so thankful that I was able to be a part of hers. Rest in peace my second mom. Will miss you.
