“ I met Steve on the bus on the way to Eppler in 7th grade. He was as goofy as I was and we were friends ever since. This is going to leave a hole in mine, and many peoples lives.. because nobody could light up a room like Steve could. Gonna miss you buddy.

“ I will never forget all of the laughs we shared over the short amount of time we knew each other. I would always look forward to Thursday nights going to Mothers and knowing after work he would meet us girls up there for a drink. Just knowing that I could txt him when I needed him and he'd say something stupid just to make me laugh when I was down was the best feeling. I'll miss you forever Steve. You had the biggest heart.

“ Steve was one of the first friends I made when we started 7th grade at Eppler. His energy was infectious and his goal in life seemed to be to spread that positivity to everyone he met, even if it was the only time he was ever going to meet that person. After I moved from Michigan a few years ago, Steve always showed up when I was home for a visit. I am greatly going to miss him whenever I come home now. Rest in Peace, bro. See you on the next go round.

“ I'll always remember the first time we met. You completely messed with me on the first day of junior high school. I wasn't sure how to take you the first time I interacted with you. Later that same day i was hanging out with another friend i knew that happened to live at the end of the street ledwon you lived on. You came by riding your mongoose bike and asked if we wanted to hang out and wrestle on your trampoline in your backyard. It's just so funny that you were taking jabs at me and then smoothing it over intending to be friends at the end of the day. From that point on, we were friends and it was the start of many awesome times and memories we had. You've touched my life in a way that not many have. Little did I know that the kid who made fun of me on the first day of junior high school would turn out to be like a brother to me. You will always live on in my heart and I hope to see you another day in afterlife. I love you man.

“ Steve was one of my first friends when I moved to Utica in High School. We hung out after school the first day we met after and we were best friends for years after that. Steve had a way about him, his energy was infectious. He was the best hype man anyone could ever have. I am so deeply saddened to hear of his passing. I'll see you on the other side, brother.

“ Steve was the type of guy who wouldn't let anyone near him feel sadness. He was one of the most outgoing people I've ever known. For as long as I have known him, I hate that I can't say more, but no words I have can do justice to what an incredible and unique person he was.
I love you and will miss your irreplaceable personality.

“ Steve was a wonderful and caring person. He loved his friends and treated them like family. He always knew how to make you laugh. My family was lucky enough to have him in our lives as long as we did. My mom used to have him over for dinner and he certainly was always welcome in our home. I know you're in heaven where you belong. We all miss you.

“ To Steven's family. I am so sorry for your loss. Steve was like a son to me. He spent a lot of time at our house. Eric , David , my sons, and Steve were like brothers. I loved talking to Steve. He was such loving and kind person. Always made us laugh. I know that Steve is in the arms of Jesus. I am sure Grandpa and Grandma Vitale were there to welcome you home. Steve was loved by our family and we will miss him.

“ Steve was really one of the kindest, caring people I have ever met. He had this way about him that he could make you laugh the first time you meet him by what he said and the energy that radiated off of him. You will be sorely missed my friend. Until we meet again. Love you.
