“ *She was my only sister. I miss you like crazy. I love you so much. She was my support.*

“ *This is just heartbreaking. I worked with April at Target and she always put a smile on my face. We remained friends and I remember going to her place and picking up a gecko for my son. We named her Lizzy, and we would post all of Lizzy's funny moments for April to see. April was always commenting on my husband's cooking, and I was always waiting for her to show up for dinner. Lol. I will miss her dearly and her love of life will always be remembered. Rest easy my friend.*

“ April was a very sweet person. When I moved to Aspen her and her family welcomed us with open arms. April always would be there for us and I'm so thankful and grateful that I met her and that I was able to know such a sweet soul like her. I'll forever love and be grateful for being able to be friends with u. Get your rest. You are finally pain free.
