“ Occurred to me the other day
You've been gone now a couple weeks
Well I guess it takes a while
For someone to really disappear
And I remember where I was
When the word came about you
It was a day much like today
The sky was bright and wide and blue

And I wonder where you are
And if the pain ends when you die
And I wonder if there was
Some better way to say good-bye

Today my heart is big and sore
It's trying to poke right through my skin
Won't see you anymore
I guess that's finally sinking in
Cause you can't make somebody see
With the simple words you say
All their beauty from within
Sometimes they just look away

“ Words cannot express how much I miss you. My heart hurts every day. I know you're in a better place now, looking over us, but it doesn't make losing you any easier. Just know you are very loved and missed, and we will never forget you or let the kids forget you. I love you so very much. I hope that you're proud of me dad, because I sure am proud of you.
