“ *In 2013 I worked as a pharmacy technician. By chance, I was asked to deliver medications to those who could not pick them up. I happily accepted and this is when Mr. and Mrs. Hyde came into my life. I loved my trips to their home because Mrs. Hyde welcomed me in and would chat with me for long periods of time. I had no set schedule with work, as long as all of the medication was delivered that day then my job was done. She made me feel like someone cared and listened to my troubles. The world has suffered a great loss and she will be deeply missed. She was such a wonderful person. I regret not seeing her for the last 5 years since leaving that position but I always thought about her often. I wish she knew that I made it through, achieved all my goals and came out on top.*
