DB

“ *Kier,
I am so sorry to hear of your mother's passing. I really enjoyed working with Billie for the 7 years while I was at Lakeport. There were a couple years in there that we were both single and would have a drink or two together and with friends to laugh about our dating or non-dating status at the time. Good times! Billie was incredibly intelligent and had an intuition that served her well as a teacher. Many children thrived under her eccentric style and her acceptance of their "outside of the box" thinking. She was one of a kind and left quite a legacy with all of the students whose lives she touched. She was also INCREDIBLY proud of you, her son, and talked about how amazing you are. I remember her reaction when I told her I was having a son...she reminded me how lucky I was to raise a young man.
Billie's influence and her legacy will continue for many many years to come.
With heartfelt sympathy and love,
Debra Barr*

*Dear Kier,
I was thinking about my dear friend, Billie and decided to type in her name on Google. I knew she had passed and felt sad as we always talked about getting together.*

She was so proud of you and your family. We would share grandmother stories.

I was so fortunate to have taught with her. We both loved science and the turtles.

I have a beautiful fairy picture that I admired and she gave to me. I say a prayer for your mom every time I see it.

I miss my dear friend. I am sorry for your loss.

Love,

Mary Jane Petersen Lopez
