“ Dear Cousin,
Even though the years and paths have grown, you were the best.
Our memories many: Mom found us smoking as kids and giving us a rightful reprimand for our indiscretions; Mom taking us in hot summers to her baseball game then getting ice cream after while we all dirty and hot, Mom giving us each a dime to go to Macomb Mall matinees and riding bikes in Roseville and swapping 74 Chargers & Camaros (...what a stud job you did on that Charger!) We were bad, we were good, we were 3 musketeers along with bro, David. We always believe there be time for that 1 more BBQ together. I love you Brad and be in my heart/thoughts forever.

“ The words to describe the loss of you being taken too soon fail me. You were such a bright sunshine in the lives of all who knew you. I remember all too well the depth of love in your eyes and I will truly miss you. I know all those that were close to you will feel the loss for many years to come. As we all grieve, know that we are remembering you and honoring the memory of you. Blessed are they that mourn, for they shall be comforted. Rest in Peace, my Dearest Friend. Love, Pamela

I am in shock and send my deepest condolences and prayers for comfort and peace. There's no words to describe Brad, other than great! He was always there to help others, and had a great heart -he was a great man, and left a legasee. May god send you all peace during this time

“*Truly an Amazing Guy taken to soon, a great friend and someone who would go above and beyond to help others. He was a pillar of my TRW family that we all looked up to and strived to be more like him, I personally can't say how much he will be missed. RIP "B" - Rad !*

“ I am still in shock & cannot believe he is gone... Brad was a wonderful man! No matter where we went he always made it fun! He would have me laughing so hard! People loved him! I don't think there was a stranger he met. He would love to tell the waitress how we met and then say you never know what Chocolate Chip Cookies will get you.....well Chocolate Chip cookies gave me the chance to get to know this wonderful , crazy man and create many memories in a short time. Memories that I will always cherish! He had a hard time letting me in but I knew that he did care for me in his quirky ways and he knew how much I had fallen for him. We were both looking forward to the summer as we both loved being on the water.. "Movie Nights" at home will never be the same! Brad had a great love for his kids & grandkids, I would love listening to him , he always had a smile on his face when he spoke of them.

Then there is Pepper , his princess as he referred to her quite often. She was so loved by him , a man that did not like to show his feelings melted whenever we got back to the house & he would see her. She was very spoiled by him and she loved him just as much! Brad was taken from us too soon! I will always remember him & he will always have a place in my heart..

All of my love ,
Marilyn
