“ I was so very blessed to have had Carol as a treasured friend for so long. I do know her struggle thru this past year battle, but she did it with grace & much courage. You all as her family were loved by her so very much. I hope that you all find your peace one day & keep her memory strong. She would like that. I will miss her always. She was a very special beautiful gal with a huge gentle heart. Hugs to you all with my deepest sympathy. Kathy Hopko
