“ My Lady! This one here hurts. I know you have gotten your wings. I can remember our time together rather it was at work or being out. Remember when we went to see BBD together, my baby shower, my birthday's! ((Sigh)) The books and you having my back when I was 9 months pregnant, you took that busy assignment Lord knows I would not had been able to do it.

You were just not my co-worker but my friend. I know you was not a social media person like that but we connected no matter what! You will be missed, love you!

“ One of my fondest memories of growing up with my lil sis Carolyn is playing with her Jam Dolls and Jam Jeep in the hallway on Tuxedo. She hated my Barbie dolls but she would let me pick one doll to ride with her dolls. We played all day for hours.
