“ Please know how much Fred meant to the special educational programs in the Marysville Schools during the years he lead the department.

*During my tenure as superintendent, Fred always was thinking what improvements needed to be done for the students and staff in the schools. He was very thorough and thoughtful in his approach to every aspect of his job. He was a respected member of the Marysville School District. His impact on the special education department established a strong and positive foundation for years to come.*

*He was a good friend and colleague to many of us--*

“ Fred has been my friend for 35 years, through the boating days, the Harley days, the trips to Mackinac and countless dinners. He was "Uncle Fred" (and sometimes Santa Claus) to our daughters. He was a great guy to have on your side when things got tough. I will miss him very much.

*I hope he's up there having a great time with Jim and Bob!*

*My heart hurts that you are gone. When you told and asked me that you wanted us to be a couple, I'm glad that I agreed. It was happy memories of Florida, with those awe some Harleys,, and us going down the highway at 70 miles to beat the rain, when you got totally wet from head to toe at Universal City, (that one got you), and all the other memories we shared. I will always remember you. I miss you much Love Always Claudia*
