“ *Thank you to all of those who sent cards to my mom. She looked forward to them everyday and they brought her comfort. She was amazed at how many she received and all of the memories that were shared. She did not realize how many people really cared about her. Even though she was very weak she was determined to send Thank you cards, this would take all of her strength for the day but she wanted you to know how grateful she was and how important your friendships were to her.*

“ *Mom, Save a place for me. I love you to the Moon and back. Thank you for always being there and keeping me on my toes. You never let me give up because you never would give up on me, no matter how tough the fight. I saw you fade away the last 4 months and it was heartbreaking. You are free now, be at peace my beautiful butterfly.

“ I worked many years with Charlotte at the Macomb Correctional Facility. One thing that you knew about Fahs, she enforced all rules & was consistent in her job. What I remember most she had the funniest sarcastic remarks. Fahs is truly going to be missed.
