“ Nothing in this world could ever make me forget all the wonderful and sometimes downright magical times we shared. She will always be a part of me no matter how far away i go... I got to watch her grow in so many ways... From Ds & Es on her report cards and personal seclusion when she first came to live with us... To STRAIGHT As and a social butterfly. Nothing in life was amazing as this little girl. She's in my heart forever.

“ *I adored this little angel, as well as my kids. She was good friends with my daughter angel. She loved playing with her dolls and had a brilliant imagination. I was lucky enough to make many memories with her and capture some on camera. She was beautiful, inside and out. So polite and caring. She makes you want to become close to the man who is holding her dear just so you can see her again. Love you miss Chloe <3 I'll see you again*

I was Chloe's Lunch Buddy at Cleveland for 3 years. I hope you have told you about the tea party I had for her. I would also bring in nail polish and let her pick which colors she wanted me to use on her nails. Usually she picked a different color for each nail. Her birthday (December 6) was the day after mine, which also made me feel a special kinship with her. I loved Chloe as if she were my own grandchild and then one day she was gone. Since I am not related, I had no means of finding where she was. For the past three years I have missed her terribly and often wondered what became of her. Hearing of her death came as a terrible
