“ Clayton this is bub, I want to share memories of us spending every summer going to the fish fly festavil that was your favorite thing to do was to go on a Friday night and listen and dance to the music.you had so much fun dancing until it was closing time. The most memoral one was when 5 caregivers that were there asked to dance with you you were so happy every move they did u did what they did.when they went to sit down u got upset, had to exsplain they were tired. So u and I danced I would get tired but u just kept going even when I sat down. You hated to go home u were so happy dancing. You were a special guy to me and my whole family ,we all love you, your personality was a joy allways kept us laughing ,you are going to be missed,but happy to be with your sister again. I enjoyed the ten years I took care of you.when you left to go to east harbor, it took a while to realize u were not coming back home. Porky you will be missed on earth, but with April you will be ok. Love you buddy. Live bub
