“ It's been a while since you left. I just couldn't wrap my head around the thought of you being gone. I think about you often and miss our daytime conversations that were the same thing every time! It is good to know you are no longer suffering from all of your illnesses and life struggles, I will always remember you with a smile on my face and on my heart! Love you Danny!

“ Before you got sick you would call to vent about life and just talk. I will so miss those calls 😞  
When you went in the hospital and rehab places In my head I couldn't get over the fact that you were all alone. I know in my heart that your boys were there to see you and that brought me some peace. You had a hard struggle but you fought until the end. No more pain you're free from that body and you can see again. I will miss everyday until we meet again! RIP Danny I love you ❤️
