Daniel Rintz is my Uncle. I had fond memories of him when I was little. He was always playfully teasing me. I especially like riding his ATV's and going out on his boat with Granpa Rintz. He was a generous, funny sincere person. He also was a proud father who talked highly of his boys and loved them very much. My heart goes out to Robert and Daniel. Your in my prayers.

*God Bless

“ *I worked with Dan at Riverside. Dan was one of those people that always made the day more interesting with his jokes, stories, and poetry. at least I think it was poetry. Dan was one of the most interesting and unique people I ever knew. I know I'll never forget him. Daniel and Robert keep those good memories of father forever.*
