“ Omg, I was just searching the internet for my best friend and roommate from my time in the USAF e we're roomies and homies at McChord AFB, Washington from June 87- 89. May I ask how he passed away? I'm s so sorry. I'm actually in tears, we would pose for pictures with his Honda CRX. RIP DUKE

“*Dave and I chatted online regular, sadly both affected by same affliction, my thoughts with his family at this time. I wish I could post some of Daves messages, the humility of this gentleman and his thoughts for others in spite of what I know he had and was going through. We will meet again soon enough, have a beer and set this world to right.*”
