“ Bill and I would like to send our deepest condolences to Mary, her son and his family. We're going to miss seeing Dave drive by on his four wheeler, seeing him on his front porch and hear his hunting stories when we're all together up north. His friendship will truly be treasured and sorely missed. We will be keeping you all in our thoughts and prayers at this very difficult time. Sending our love, Bill and Gina (Oscoda Neighbors)

“ Dave and Mary have become like second family. As sad as it was, I was glad I got to be there to say goodbye. Lots of laughs he gave me and many funny memories. Happy he's finally out of pain.
