“ My brother was always in the back of my mind a hero..he saved me from my Dad's wrath and took it for me..then there were times when he let me play Army with him and his friends..one time he saved me from getting bit by a rat..Even though I moved away to Calif. he was still always in my heart..He had a hero in him, I don't think he recognized it, but I did and I think a lot of other people did too. Although he suffered in this life, he is now so blissfully happy in heaven..Congratulations dear brother on your graduation you've been promoted!

“ I worked with Dave for many years at The Voice Newspapers, He taught me most of what I learned about the computer. I have not spoken to him in a few years because I have moved out-of-state, but I will remember the fun times we had and the "discussions" we had about many things. Dave was deeper than most people knew and had a good command of the English language. I felt sad when I heard of his passing. My heartfelt sympathy goes out to his entire family and close circle of friends. JoAnn Hebert

“ We lost our Master Technician & good friend David Orozco to this horrible disease called cancer. When Dave came to work with us last year we were so happy we found someone that seemed so committed to his job, he was enthusiastic, had the best attitude and such a great sense of humor. He knew all about the computer, he knew how to fix things that broke, he kept things organized and clean, he learned the job so quickly including getting his master certification in record time! Dave's customers really loved him, I swear he got more tips from the ladies for cleaning their carpet we were amazed, always showing us girls up! He was so determined to help us build our business, he had a list of things he wanted to accomplish to bring our business to the next level. He really cared about us!! David you raised the bar & made us realize there are good decent people who just really want to help others with no strings attached such a gift to us all & taken way too soon. I was hoping to see you walk through the door after you got well, makes me sad to think we won't see you again here on earth, you are in a better place now may your soul rest in peace through the mercy of god, you will always be in our hearts!!
Love you always your Chem-Dry girls!!
