PS

“ Dave, Jamie and I went fishing in Lake Huron, had a great day fishing. Dave let Jamie drive the boat in rough water with waves of three to four feet. Fishing was over, we were headed back to the harbor to take the boat out and 100 yards before we got there, we thought we were going to die!! Steering wheel came off making the boat do a hard right turn. Thankfully Dave saved the day! He was standing behind Jamie and reached around him to shut the controls down. Then Dave said "I've been trying to get that steering wheel off for weeks!!!"
