“ dear grandpa i miss you so much i wish it was like when you had the heart of a 35 year old man.I remember when you would teach me and my sisters how to play pool and when you would sit us on your lap and tell us stories about you when you were younger. I also remember whe we would watch movies in your room on your chair and when we were younger we would go in your room and give you a kiss on the cheek then you would give us a piece of butter scotch candy. You will never be forgotten and when my kids get older i am going to tell them about how great of a man you are. You will always be in my heart I love and miss you<3. - Ashley.

“ Gramps, I am going to miss you so much you were like a dad to me  
you taught me so much in the time we spent together you were  
always there for me. When I was going threw hard times you helped  
me get pass them you always were there for Katelyn, Ashley and  
Chloe, that meant alot to me and them. They will miss you alot. This  
is very hard for me to write this because I never thought this day  
would come, you were a stong man and always working around the  
house. I always thought of you as a 20 year old man in a 82 year  
old man's body. Everyone else that knew you would say the same.  
There is so much more I can say about you and how much you  
meant to me, But most of all is that, I love you and are going to miss  
you more then what words can say. You will always be in my heart  
and I will always be thinking of you. You were my Gramps. Jimmy

Well, Papa, I miss you so much already. I still have pictures of us sitting  
in our recliner chairs when I was just a baby. I never imagined this day  
would come. You never let anyone tell you, you couldn't do something.  
You were a very hardworking man, and I know that is how everyone is  
going to remember you. I always think of times you taught my sisters  
and I how to play pool, or when you would sit us on your lap and tell us  
stories about your life. You were such a wonderful grandfather. You  
helped me through so many rough times. You may be gone, but you  
are never going to be forgotten. You'll always be in my heart. Have fun  
in heaven papa. ? I love you.  
Your great granddaughter, Katelyn.
