“ I don't even know where to begin on what to say about Dennis. He was my "Irish twin", being only 11 months apart in age. We had a language of our own even as toddlers. He was such a part of my life even when it took us our separate ways for so many years. The last year and a half brought us closer together through circumstances with his stem cell transplant. My heart is aching so badly that it didn't work. Dennis was like the light in the room..... always talking, laughing, joking. Man, could he talk! Anyone who knew him knows how true that is! Dennis found his happiness in the simple and important things in life.....his family, grandchildren, hunting, fishing, garage saling. My heart goes out to Sue and her family as they try to navigate this thing called grief. I have NEVER met a person more dedicated to another person as Sue was to Dennis this last year and a half. You definitely were Dennis's soulmate as he told us. Thank you from the bottom of my heart for the care you gave to him.....<3

Lovingly,

Denise and Glenn Fye
