“ *It does not matter how much time passes by, I will always miss you and I will always need you. It has been so hard trying to navigate life without your guidance but I'm lucky to have amazing brothers and Karen. I hope you find comfort in the fact that I am safe and your children are good people, I know that's all that would matter to you. I love you to the moon and back.*

“ *It seems like you were just born. I was 12. Even though we didn't see each other often, we reconnected on Facebook. You were sweet and kind to me. I'm so sorry that I can't afford to fly home for your service. Please, know that I love you and you will always have a piece of my heart. Rest easy, dear cousin.*
