“ To my Great Uncle Donald,

I've come to know you as Ducky Doodle through all of my E-ma's stories. For instance, the time you had to carry the glass jug of water for the car (for when the car overheated!!), and you dropped and smashed it!

When you were a little kid , there was a three lb. can of potatoe chips and you said Dad, can I have some chips? And he said -sure they are in the tent, eat em up, eat the whole can if ya want (thinking a little guy couldn't possibly eat a whole can) SO you went in the tent and ate the whole can

Later that evening around the camp fire, he told one of the kids to go get the chips from the tent. The other kid couldn't find them so your dad told them to ask you where it was. They asked you and you said, "I ate em" you told me I could.

No chips for the other seven!

So many stories I'm thankful for. Memories, Memories Memories, you left a lot here on Earth.

*Your great niece,
Samantha*

“ Six brothers, you being one of the six, I will miss you. Over the last year It's been a great joy having a brother sister relationship over the phone, being my health keeps me from traveling. I am so happy that we were able to be so close even if it was by phone. We shared many things together and they were a blessing.

It was an honor to witness to you about Jesus Christ. I have peace in my heart about your eternity. So for now so long, see ya soon Ducky Doodle!

*Love Always,
Girt
