“ *(90's) 6th grade gym class, central middle school. He walks in and he was fully muscled up and strong as a Ox. He heads over to two huge metal base poles that were used to support basketball rims, and picks them both up, one in each arm, and I remember asking myself how is this guy a 6th grader, and looks like a grown man! I just remember him being very humble and all the ladies loved him! Found out we have mutual family members, whenever we ran into each other it was always love, you were an excellent soul and I pray God has you in his arms and ur at rest. Your friend Mike Spear*

“ I knew u a long time ago and got to know u again since your unionship with Barb. You were always so kind and full of smiles. You both complimented each other and were so cute together. Watch over your family and loved ones and let them know you are there. Check in on them from time to time. They'll love knowing you are still there, watching over them.

“ Donnie you are a true brother in Christ. I am so blessed to have known you. You wanted to know how to save lives through CPR N first aid but Donnie the way you always praised God you have saved many in ways you may not even be aware of. Rest in peace. And congratulations on getting your American heart association CPR and first aid certification. Miss you.
