“ Dwight practiced medicine for 63 years which is quite an accomplishment, to say the least! After 39 years at his Cass Avenue Practice, he retired at age 65. After "retiring", he joined my Practice and we had the pleasure of working together for 22 years. In those 22 years we never had a cross word between us. He was not only an accomplished physician who taught me a lot but, more importantly, he was a true gentleman! My staff and I truly miss him and he will always be a part of my practice until I give up the ghost. I have logged 36 years of practice so I need 27 more to tie his record and that would make me 101 years old so I think your record will stand Dwight!

*Thank you for your kind words Dr. Meyers. My Grandfather always spoke very highly of you and everyone in your office. He cared about all of you very much. My Grandmother was very touched by what you wrote. My family can't thank you enough.*
