*It took me a while to come to this page, I knew that it would make it real, I knew that it would make me cry. I love you Gramma, I think that you are the most beautiful, dignified, determined and independent person that I have ever known. I am like you in a lot of ways and I am very proud of that. I am proud that you were my grandma and I am going to miss you so much. I am so grateful that Ashley and Joshua got to know you and I know that Ashley treasures the time that she got to spend with you. You will forever be in our hearts, praise GOD that you are not suffering and are at peace with him.*

“ Mom, It has only been 2 days since you left us and I still can't stop crying. You have been a great Mom to me, being by me in good and bad times. I would not give up the last three months for anything, taking care of you, especially the last month being home with me. Going to miss the sound of your walk going thru the house, cooking for you, teasing you, and especially the looks I would get giving you your pills. We had fun times even tho you Never told anybody how bad you were hurting. Jill misses you too!! She just mopes around the house and the first night she would not leave the spot you were sitting in. She could sense something was wrong when you had the stroke.. That night she wanted so badly to get in bed with you before you passed on thursday.. Mom, I love you and miss you. Thanks for everything!!!! Love Always, DeWayne P.S. I will never forget our trip home from Fla. in the car. It was a great ride!!!!!!

Uncle DeWayne, thank you for caring for Gramma. That was such a huge committment and I am so thankful that she was able to spend her last days surrounded by the people who loved her and not in a hospital. I know that you will forever cherish the time that you had with her. We all miss her.
