“ So sorry to hear of Elio passing. As long as I can remember Elio and his family have been family to my family and I. Elio and my father worked together for years, Elio was like a uncle to me growing up, fishing, hunting or just popping in for coffee w my dad. When I began working at Chrysler I spent almost all lunches w Elio and the guys. The stories should be and could be in a book.!

I have so many Great memories that I will hold in my heart forever..

*Judy and Jeremy: my family and I can't send enough love and prayers, please stay in touch and always remember Elio was a great person that not only I looked up to -but many did. He was always available and willing to help solve a problem, give advice, listen to a problem or just shoot the sh** with, Elio is now pain free, reunited w family and friends who have passed and has quality of life back. Hopefully having a coffee with my father and Uncle Ed looking down a proud husband, father and dear friend..*

God bless
