“ Mrs. Betty was one of the best 4 H leaders. She and Mr and Mrs Jones taught us so very much about horses and life. The meetings for horse science at thier house were the best. She made sure we all knew the parts of the horse and tack. She also made sure we knew correct conformation of the equine to be able to know if our horse was having an issue. The 14 mile ride one way was well worth the trip we had a great group to learn in. Rest in peace sweet lady. Now your riding your favorite horse in the greenest grass and flying like the wind.💕💕💕
