Jean lived with her daughter in Michigan after retirement but she always traveled back to visit friends and family in the Carolinas.

“ *Aunt Jean was a fun loving person. She loved to go anywhere and she brought the laughter. Mountains and beach trips, White Lake and Aunt Helen's house were always special family time. We will miss her greatly but know that she is now completely happy and healed! And she's laughing and having a blast!*

“ Where do I begin. In 1983 you welcomed me into your family. I married your amazing son. I must say you raised one amazing man. You were more than a mother in law. In 1997 I lost my mom. You always told me you could never replace my mom. But you sure did love me like my own mom did. I could have never asked for a better granny for my kids. You loved each one of them unconditionally. And for that I thank you. When we lost Jessica it was like you lost a child as well. But I know today you are in heaven with our beautiful girl. Thank you for allowing me to be apart of your family. But most of all thank you for loving me. ❤️

“ My mom shared her favorite recipes with us over the past few years. Now Angie can make the delicious carrots cake and I make pecan pies for the holidays. Sweet memories.

“ My life has been forever touched by this incredible woman. We have traveled all around and I learned that You are never lost, you just don't know where you are yet. I learned that Mamas are always right because of the experience they had before us. Most of all I learned how to be a friend and actually love someone. Mama Jean was my best friend almost instantly after we met in 1983. She will forever be my best friend and adopted Mama. Now she's just my angel in heaven not here on earth. I will see you again Mama Jean, until then, Keep me covered with your angelic love. I love you.
