“ *Spring is almost here. You would have been helping neighbours clean up their yards and mowing lawns. Mom is now here with us, as are your ashes. I cried when I first held the urn. I still cant fathom this has happened. Life for us has changed so much. I was thinking of asking you something the other day, then remembered.....
We miss you so much!!*

You can shed tears because they are gone, or you can smile because they lived. You can close your eyes and pray they will come back, or you can open your eyes and see all that they left for you. Your heart can be empty because you can't see them, or you can be full of the love you shared. You can turn your back on tomorrow and live yesterday, or you can be happy for tomorrow because of yesterday. You can remember only that they are gone, or you can cherish their memory and let it live on. You can cry and close.
