“*Gary and I hired on with Southern Bell on the same day back in 1970 and went through line school together. We were cable repair technicians in Ft. Lauderdale for many years and formed a friendship that would last for 50 years. Life was never dull with Gary around and he was always there when you needed him. His sense of humor always made me laugh and he always had some interesting stories to tell. His dedication to his family was first and job second and he had a work ethic that everyone admired. He was always a pleasure to be around and when he moved back north we stayed in constant contact. The number of good friends I have had in my life I could count on one hand. We will miss Gary. Really good friends like him are rare. Harry and Lois Booth*”
