“Independent in a time when not many women were able to be, her devotion to her family, the care that she took of not only her family, but also so many people from her time as a nurse, she had a love of traveling and adventures, those are just a few of the amazing things about her. She was amazing with kids and some of my fondest childhood memories are of us playing Neverland together and so many other made up games. She called me Skippy and would chase all of us kids around for hours, never too tired to play with us even after a busy day. She was an amazing listening, one hundred percent non judgmental, truly the kindest, most unselfish and pure person I've ever had the honor of knowing. While I'm happy to see her reunited with my Great Auntie Anna in Heaven, as they were always inseparable, she will be missed beyond, words and years! Love Always and Forever, Your niece "Skippy".

“ I will always be grateful for all the time I got to spend with my Aunt Gloria (glo glo) growing up. She took a huge part in teaching me and making me the person I am today. Some of my best memories were playing "mush dogs" and that same baby sitting game that we would play every single day. She called me twinkle toes because of how I would always run around the table and have her chase me. I loved hearing stories about how she was a nurse and all of the amazing adventures she went on while traveling. She will always be a huge part of my life and I'm so blessed to be her niece. Like she always said when ever we had to go back to Tennessee. This isn't goodbye, its untill I see you again. I will love you forever and always.
