“ Greg worked with me at BMI Auto many years ago. Since then we have remained close. He became a dear friend. Greg was a thoughtful guy, always checking up on me. When I had heart surgery he called on a regular basis and even came and sat with me. I will miss our long phone conversations and his hearty laugh. RIP my friend.

*I worked with Greg at the golf course. He was a kind man, hard worker, very skilled mechanic. If something was broken Greg could fix it, always willing to lend a helping hand. I am shocked and saddened to hear of his sudden passing. Condolences to all who loved Greg. Rest peacefully Greg, in the arms of the Lord, free from pain, and catching big fish every day.*

*I am so glad I got the chance to know you! I wish we would have had more time to catch some fish together. What started with you keeping my equipment in top shape, and helping me to "sleep good at night" turned into a friendship that I wish could have went on for a lot longer. RIP friend, I will miss you.*
