“ Jackie Sue was a dear sister, sister-in-law, full of life, redheaded, and a good singer, too! When we were kids growing up in Diamond Hill, I loved to tease her by calling her "red on the head"! She didn't like that at all which just made me tease her even more! She had five kiddos which we love very much; David, Jacqueline, Kim, Dorothy, and Peggy. She spent the last several years in Michigan where Jacqueline, Sean, and family made her so comfortable and happy! We were overjoyed when she found the love of her life, Floyd, and they shared twenty-five years together in their hometown of Cleburne, Texas. We enjoyed phone conversations with Jackie after her move to Michigan. We loved to hear how much she enjoyed sitting by her patio door and watching the falling snow and the birds. Jackie is with Jesus but we know that she is missed by her family so much. Thank you, Jacqueline and Sean, for making her so happy in Michigan. Love ya'll!
