“ *My love goes out to Chrissy and Jason. I guess Uncle Jim just didn't want to go on without Nancy. I always loved that Jim was a great outdoor sportsman. I caught my biggest fish with him on his boat. I never seen Jim mad or put other people down. The world needs more people like him. When growing up, I was always very close to all my aunts and uncles. They made me feel accepted, loved and special. I had a chance to spend some time with Jim and Nancy when I went back to Michigan when my mom passed. It brought back many memories of my childhood. I had a great family and love u all. I may retire in Michigan and will have to get to know all these cousins I have never met before. Love the memories and you will find peace.*
