“ I worked with Jim from 1972 for 4 years and always found him to be one the best architects I've ever known. I went on to have a very good career, in part because of him and what he shared with a young architect.

“ *Uncle Jim was always building "something." I remember when he built the first house on Pickford Rd....then helped Grandma & Grandpa Thibodeau build their porch; remodel the dining room into my bedroom, etc. I left Michigan in 1977 and only visited periodically since then...but I always made it a point to visit him and Aunt Millie....I did not hear about her until today either. So sad. JERRY and VICKY - look me up on Facebook so we can stay in touch. I was saddened to hear about this...my prayers are with you all....*

“ *Pupa loved all his grand kids. He enjoyed riding us around in the trailer behind his riding lawnmower when we were young {watching us at school functions. He also loved his great grand kids holding them as babies having them fall asleep in his lap watching T.V. Pupa and Mema were always happiest when family were around just spending time and our lives with them. You are Loved and missed!*

“ My most precious memory of my grandpa (Papa as all of us grand kids called him) was the summer I spent with him and my grandma in Florida when I was 9 or 10. I caused a lot of mischief that summer but instead of putting me on a plane and sending me home early they kept me all summer! One of the best summers if my life! Love ya papa
