“ Jamie... my first love and sweetheart. I have so many memories. I can't believe you're gone already. I was so lucky and blessed to spend some time with you just a couple years back. You reminded me of that heart of gold you had and you were so kind and polite. We rode, we broke down, we laughed, I partied and we reminisced. I'll hold that time close in my heart. You knew how to make someone feel loved. I'll never forget in 8th grade, you rode your bicycle all the way to Smiths Creek to see me, my step-dad just pulled in from work. And no... I was not allowed to have boys over yet. Old dad loaded up your bike and drove you home. I was devastated and embarrassed, but you still liked me and waited. My parents loved you after all. ❤️ As you would say... Fly high 72 Style! Until we meet again...

“ *My brother! Oh man it's so hard. We drifted apart over the years but, always came back like nothing ever happened over and over. Music was our muse. That look in your eye when we played together said it all. We could read each other like a book. We made art together. I thank you for being my friend. I will see you again Monkey boy! Hippie "G"*
