“ Unfortunately i did not know Jennifer, but i did know her daughter Keira. Keira was one of my very closest friends at Endeavour Middle School, she was so smart, i just knew you were so proud of her! She wrote a letter about you once and she let me read it and i instantly burst into tears because i just thought to myself that someone so sweet like Keira does not deserve the pain of losing her mother. Shes got your eyes, i miss her so much. a date i will never forget October 7 2019, the day we lost the most kind soul on earth. i went to visit Keira on her birthday last year and ran into her father and i did not want to break that family moment so i left. i visited her not long after that and left a green K some flowers and a candle. I also just visited Keira about a week and a half ago. i miss her, we will always love you both Jennifer and Keira. May you both rest in peace angels.

“ I have so many wonderful memories of Jennifer. We loved rollerblading the streets of Marysville the summer of 1999 and jumping in the river in our clothes! Going to our junior prom in 2001 together. Running into each other in 2006 after years and finding out we had baby girls 4 days apart, who are now in fourth grade together! Celebrating her 30th birthday with her and her amazing family! I will miss our long talks, walks on the boardwalk, meeting up for lunch, having a girls night..... You will be missed deeply my friend. Hill Family you are and always will be in my thoughts and prayers.

“ *Whenever Jennifer came to the Viking Fitness Center, Brian and I were always amazed at what a beautiful smile she had and the most pearly white teeth...one day we asked her how the heck did she get those pearly white teeth and she told us she used arm and hammer baking soda toothpaste... so we both ran to the store that day and bought some for ourselves!! We always loved seeing her... bubbly, smiling and spunky. RIP Jennifer*

“ My favorite memory with this beautiful lady was senior year spring break! We drove to Panama City Beach... Only Jen, Krista, Crystal and I know all the minor details... but, one of the funniest parts was when Jen took over the last part of the drive home... She had us headed west towards Chicago instead of east. I just loved running into her and as the yard passed and reliving our old spring break memories. You have left a mark on my heart Jen.

“ Jennie and I were best friends for a little while.... I have many wonderful memories with her. After the "Macarena" came out I remember blasting that song over and over again at her house as we danced on the front lawn :) We were obsessed with Jonathan Taylor Thomas (we even created our own club) and "Always be my baby" by Mariah Carey. We would sleep in her basement because we stayed up until about 6 am in the summer time and we wanted it to be dark after we went to sleep so we could sleep until 3 in the afternoon. My favorite memory though, my absolute favorite memory is the first year we spent the day before Christmas eve together. We baked a crap ton of cookies and we played the board game "Life" and we laid under her Christmas tree and stared up at the lights and just talked and talked forever. We named it "Christmas eve eve" and tried to copy it the following year. But we left a pizza box in the oven and forgot about it when we preheated the oven for the cookies and almost started a fire. I think we wrecked the cookies too....it wasn't the same LOL but I'll never forget the first one. Even though we werent close anymore I have thought of her every single year on Christmas eve eve..and I always will. Rest in peace Jennie....you are loved by so many.
