Good timber does not grow with ease,
The stronger wind, the stronger trees,
The further sky, the greater length,
The more the storm, the more the strength.

By sun and cold, by rain and snow,
In trees and men good timbers grow

“ I am Jerry's only living brother-in-law and have known him since he was 16. Since I was his wife's little brother, Jerry did a lot of things for me. He sold me my first car (1941 Plymouth) for \$25.00 in 1956 and when I was younger, he built a 8 x 8 train table for me to run my model trains on. When I was older, I could take my girl friend over to Jerry and Nancy's to play cards;. His mother and Jerry catered by wedding. I will truly miss his great smile. John Beckett
