“ My heart breaks Jill. You were so full of life and fun and funny. I have way too many great memories to post and way too many inside jokes.
I choose to remember the person you were before and will never forget the heartbreak we shared when I moved away - I will cherish the last conversation we had a few years back and keep you in my heart! Thank you for visiting me in my dreams last week - I know you are at peace - the peace you had so many years ago - I love you my friend forever
