“ Mom had COPD Stage 4 for over 6 years and she fought long and hard with and uncureable illness. Four years ago She ask me to live with her to help and I look back and that has been the shortest 4 years of my life and I wouldnt trade it for the world. I was blessed to have the honor to care for my Mother to see how strong of a person she really was and to see the love she gave the family and the memories we shared. I thank you Ma for everyday we had together. I will be forever grateful. I will always love you.
