Arrangements in care of, Jowett Funeral Home, 1634 Lapeer Avenue, Port Huron.

Tribute Wall

“ route. I always enjoyed it when she would walk out to get the mail from me and we would get to chat for a moment. I have missed her the last several months and was only yesterday made aware of her passing. She will be dearly missed.

“ Dr Levitan was an excellent doctor and person. She was devoted to her patients and career. I only wished she had a longer retirement because She deserved it so much. Rest In Peace my friend I wish I knew you were so ill.
Dr George Goffas

“ We have known JoAnne for 30 years or more. We will miss having her as part of our holiday celebrations every year and although we tried, we could never find out if we were truly related. However, her family came through Canada about the same time as ours and about the same route, and with a name like Levitan, we surely must be.....but we all always said we were cousins! We enjoyed her sharp wit and mind and all her stories of getting through med school. We tried to not let too much time pass between visits and we do not live far from her so those times spent together are a cherished memory.....we were proud to be her friend and "relative". She had such a good heart and strength of character! Bonnie and Dick Levitan

“ Dr Levitan and I got to know each other over many years. She would come to the physical therapy where I worked and use the gym equipment or whenever she needed a “tune-up”. She struggled with her back for many years and had several surgeries. Finally, a dr got her walking upright again! When she came to my office standing tall ~ well, I cried. She always wanted to hear stories of mine about my fostering dogs for a rescue, riding horses, or hosting Chinese students. Every now and then she would buy lunch for the entire office to show her appreciation. Even though she struggled a lot, I never once heard her complain. I’m so sorry she is gone and I couldn’t see her in the last several months. My Sincere condolences to her family.

Sincerely,
Kathy Frost
