“ When I was around 4 years old I was playing in the backyard on the swing set while gaga watched from the kitchen window... I thought it'd be funny if I scared her and yelled for her help.. she came running out and I laughed saying "gotcha"... then as I was going up the slide ladder and she went back in I got to the top and went down, but my arm got caught on the side. I was dangling and couldn't get free. I screamed for help and heard her say she wasn't falling for it that time. She told me later she came out when she heard blood screaming screams from me.. she lifted me up and carried me to the couch in living room. I remember she wrapped my arm in a flannel shirt of my moms, and I fell asleep and woke up to a kiss on the forehead from my mom. I had my lesson in "the boy/girl who cried wolf with my Gaga".
