“ Melanie, Bronnie and Brett---I just found this obituary for your Mother. I am so saddened about this. I was going through photo albums looking for photos of another friend who died recently and came across photos your Mother sent to me from 2001. She labeled each one with all the grandchildren's names and what everyone was doing at that time.

I would love to catch up with you if you can please send me an email.

I think of Kathy often over the years but we lost contact.
