“ I used to know Keira back when I was in grade school, we were, quite close friends. Back when me and her were in kindergarten I asked her to be my girlfriend and she said yes. Looking back at it, it was quite silly, but at the time it meant the world to me haha. I did become distant over the years and I wish I hadn't. When she had to move schools in 4th grade I never let myself say goodbye, I was too scared to. Years of regret went on, until I heard from a mutual friend the news, back in October 2019. My heart was completely shattered, and the guilt of never saying goodbye filled my mind. I wanted to go to the candle lighting vigil thing, I forget what it is called exactly, but I was unable to go, and I just, never got to say goodbye, again. I wish I could have been there for her, but due to becoming distant and not communicating with her since she moved schools I lost contact with her. I've felt hopeless many times, and even have had thoughts of sharing the same fate, but I know she wouldn't want that. Her memory keeps me strong, and it keeps me fighting. She would have turned 18 last month, and it hurts knowing she never got to grow up. It hurts that she's gone, but at least she's at peace. I don't know if her family still reads this, but if anyone does, I hope you're healing. I hope you still hold her in your heart.

“ Keira Marie Jacobs was my best friend. We cared about each other so much. My name is Michael Bozek. She was so happy and cheerful. I knew her very well. We would hug at school and sit at the same lunch table and just talk about whatever she wanted. She was my only best friend that I truly loved, cared, protected, and just treated like a big sister. She was my everything. I have been depressed ever since her death and I will never get over it. Keira Marie would sit at my lunch table and draw hearts on my hand. And she always said in her words- "These hearts you have to protect. I will always love you and I will take care of whatever you give me. I have a picture frame with just her picture in it. And at night I would light a candle next to it. It burns because her spirit is still with me and will be with me forever. KEIRA FLY HIGH I LOVE YOU MAY YOU ALWAYS R.I.P.

Michael, my name is Kathy, Keira's aunt and godmother. I too am hurting, confused, torn apart by what this loving young lady did! Carry those hearts she drew on your hand, folders, and the imprint her hugs and beautiful smile with you for the rest of your life! I'm happy to know that you were there to support each other through middle school and what would have been an exciting experience in high school! Her 16th birthday would be this coming Friday, June 24th! Please think of that day with a smile on your face and a song in your heart! I know that Keira loved her friends fiercely! Please always remember that there's absolutely nothing in life that you can't accomplish with the support of your family and friends! Nothing is impossible when it comes to goals and dreams in life! Please learn to accept help and advice from these trusted and highly valued friends and family. Thank you for being here best friend! I'm sure it was gift from her heart to yours that she willingly gave and eagerly received the gift of your friendship and cherished it. I only wish she would have told somebody, anybody she trusted, just how much pain she was in. She could have been given the proper help from those of us that loved her and professionals that helped teens sort out their pain and worries before they swallow them up as Keira's grief did at the end. 💔

“ Keira was a student of mine. She was a bright happy student, and she was very smart. She always knew the answers, and was not shy to speak the Spanish in class. I was blessed to have spent time with her, and see how many students loved her. It is difficult to accept that this tragedy has occurred, and to witness how it affected her classmates. My heart was broken to witness the emotional pain this brought her 8th grade class, and the friends that love her and miss her. It is very difficult for people to understand the reasons why she died the way she did. People desire to know the truth. When we lose someone suddenly, we are robbed of the ways we could try to help that person. The memories are the real blessing, and gifts that we must treasure. Students tell me how brave she was to sing karaoke on stage, and she was fearless. She would help others face their fears, and work hard to reach their goals. In this way, she touched so many students lives. Jesus said " let the children come to me..." I believe Keira is not suffering anymore, and she is in the arms of Jesus, in Heaven. Her soul is at Peace, and heaven is real.

Absolutely! I'm here aunt and a former middle school teacher. You couldn't have said this any more beautifully than you did! Thank you for being one of those special teachers in a child's life that made her feel comfortable and valued! Her thoughts and actions were always focused on being helpful and kind. She would be turning 16 this Friday, June 24! It's hard to believe that she's been gone for 32 months now. The loss and the shattered lives left in the wake of her final actions on this earth are impossible to understand...

“ Keira and I played and talked for hours together - such valuable time and important memories! Keira lights up my heart with her eyes and her smile. As a toddler, Keira called me Aunt Jelly and for that reason I would send her the biggest containers of Jelly Belly jelly beans! You will always be loved and in our hearts forever.

“ *Rest in Paradise sweet little angel. I currently have no words, just sorrow . But I found this message I wrote to you on your Birthday and feel compelled to share them with you again. I know you are in the arms of an Angel now. You are with your beautiful Mom again whom loved you tremendously! These words are true and they come from my heart to you. Keira Marie ~ You are the embodiment of everything beautiful. Time stood still the moment you were born and all the creatures of the Earth stopped for a moment and smiled. From the moment you arrived the air became a little lighter, the stars shone a little brighter, the mountains trembled in delight, the waters danced joyfully and no one knew why but they suddenly had hope. Like a quietly whispering wind that brushes your cheek and just for a moment you stop and think all is right with the world and you smile the kind of smile that comes from your soul and you know~ a miracle happened. Yes that's what you bring to the world and I am blessed to be called your Nan!*

“ Keira was such a beautiful girl. She camped at my house one labor day weekend. She kept offering to help with anything that I needed before she ran off to socialize with the other kids. She was the very first one to sign my t-shirt. Her name is in big letters right on the front. I shall think of her everytime I wear it. She had a huge heart and touched so many lives. You will be missed sweetheart.
