“ Lets see I have some many great memory's of my papa but my favorite would be when he would sing family traditions he would get everyone singing and that song has always reminder me of the days at his house . Papa was always a caring person when we would go to his house he would always make u feel so welcomed you could stay there for hours and just listen to him talk . But I loved that my kids got to spend time with him before he passed I wish now I would of went out there more but I know I cant change that . But to see my kids do what me my brothers and cousins got to do makes me so happy . They got to run around with him outside when he showed them the garden or the animals he would feed and listen to his storys and got to know the man that will always be in my heart . I love you papa always and I will never forget u or let my kids forget u .But I know u are now watching over us . Love you always and forever Heather <3

“ If I had one last thought to share with my grandpa it would be to let him know that the songs he used to sing to me when I was a little girl I now sing to my own son. And I'll sing them to the next one and when I have grand babies I'll teach them Grandpa Drew's songs too. Because no matter how bad I'm feeling, it's nothing compared to dear ol' Johnny Rebeck's neighbors.

Grandpa, your raisin muffin loves you!!

“ One of the fondest memories I have of my brother Ken, who we called Magee, was when he took my white skates and painted them black. He wanted to look cool for the girls. I love him, and will miss him dearly. Joan Gill (sister)

“ Uncle Kenny,

I'll always remember the great times we had together with JT. The cards, especially the fishing when you would never let me get my rig ready and, instead always rigged my line before your own so I could get it in the water. Then complain when I usually caught the first fish. Lol. Ah the times we had on JT's boat. We laughed, we drank, we even cussed a little when one got away. Then the card games at JT and OI Diane's house. Or even sitting on the back porch, talking, solving the worlds problems and just plain enjoying each others company.

Thank you my friend. Thank you for being a gracious and loving friend to my nephew Jt and my niece Diane. You made a difference in their lives and brought them through some tough times. Always willing to help no matter what or when.

You will be sorely and truly missed. May God pore His blessings upon you in your new heavenly home my surrogate nephew. May He surround your family and all of your friends with His love, peace, in our time of grieving and of celebrating your new Home in Heaven.Love you much.

“ What can you say about a man who had a heart as big as the world, he was man that I have loved for years. He was not only a great brother in law to me but was a sweet down to earth and loving confident. Ken always knew that people were not perfect and that everyone made mistakes and he wouldn't judge you but would rather just make you feel better. I will always remember how much he loved to hunt and how much he dearly loved his wife , So much one time he even hosted a men's Home Interior party just to get his wife this picture. Now how many men would do that for their wives, lol. I do know one thing is that I loved that man and will never forget him. Rest in peace sweet Uncle Ken,
Always and forever, your sister in law
