“ Me and curly were best friends so close of best friends he would tell everyone I was his little brother and ppl would laugh and say what did you do take all the hight because I was so much smaller then curly. I truly am lost with out my best friend... when I didn't believe in myself all I had to do was call my brother and that man had more faith in me then anyone could ever imagine... I did a tattoo on my brother one time and I told him I couldn't pull it off it was just way to hard and his reply was oh yes you can and you will... Well when I was finished with his tattoo he said I told you that you could do it brother now don't ever doubt yourself again... he taught me so about fishin an huntin and I'll never forget any of it... we laughed together and we have cried together... I will never forget you. You had such a huge impact in my life no one will ever take your place in my heart... I love you brother
