“ *My big brother Kevin was the best brother I could have asked for. He was kind, smart and very protective of those he loved. His memory will live on in all who loved him. He had a knack for creating 3 stage rockets and remote control airplanes and all who watched his creations soar into the sky will always remember the smile on his face at lift off. I miss you every day and will for the rest of my days here on earth. Until I see you again Kevin, Know you have been loved so deeply by your little sister Linnaea and family.*
