“ Lane was one of the first salesmen that I worked with at FANUC. Lane was always a great guy to share stories and experiences with. I missed him after he retired, because so few people have exuberant and joyful personality. I want to wish the best for his family in this time of sadness and remembrances. - Cal Faunt

“ *What a lucky guy I was to have known Lane for many years. We worked together when FANUC Robotics was formed in 1982, both leaving General Motors, and then enjoying wonderful career opportunities together over the many years we worked together...oh the stories!! Lane and I also fished Lake Huron together for salmon and there are not enough days in the year to describe the laughs we enjoyed (or the experiences trying to dock his boat after few adult beverages while fishing). Sincere condolences to Diana and the entire family.....Rod Coffey*
