“ That Algoac police department is terrible you should have seen their faces when I turned up and asked for the police report. There are issues I could bring up in court to prove that Larry had some involvement with my sister's death and should have been liable in some capacity.. That was a big gun she supposedly used should have been hard to pull a trigger like that for a women not once but twice. Oh and loud and guess what he never heard a thing what bullshit that isPut that in his obituary that paints him like a saint. It's a pity what a small town will do to protect it's reputation. Believe me I know I've had yrs to think about it I just never knew who to talk to about this Ed Amos has been in prison and just died his friend Larry is dead thank God . I believe some of the answers are in Anderson Indiana where they are both from ..

“ Yes Larry was married to my sister who they say committed suicide , but it was never truly investigated by an inept Algonac police department it is said by one detective that he killed her and her son who drowned in the canal by Snoopy's. ,The guy was a dope head and he had a large life insurance policy either on my sister or her son. He was from Anderson Indiana, and was friends with Lowell Ed Amos who killed 3 wives and his mother. He was at the condo in Algonac, my dad happened to be there and shook his hand he told me it was the coldest handshake he ever felt. You don't close a death in one day and then clean it up like nothing happened. It should have been investigated as a homicide it wasn't . You have a small town inept police department in Algonac , Marine City and Port Huron they were all involved in this . I can say more , but I won't. Terrible police departments that are only good for passing on tickets There lucky I haven't sued there ineptness . Larry dispute his achievements was not a good guy Who the hell moves in a new women and her son right after my sister's funeral. Then when the boys father found out the story of Ray and Mary he got his kid out of there . I also went to the condo Larry came downstairs I went to console hom I hugged him there was nothing but a cold sti ffness from him , That told me there was more to this story then meets the eye It's been a long time and I'm not happy my sister deserves some sort of just because this asshole is dead thank God. .I believe he's a killer . He also had friends on the Algonac police Department. They let him go . I'm shaking now because theirs more I can say

“ I was deeply saddened to hear that Larry had passed away. I met and got to know him through my sister, Terry. It was always nice to see him at some of our family get-together's. He was always pleasant and seemed to enjoy casual chats with all of us. He will be missed. May he rest in peace. Joanne
